

# Slobproof!<sup>TM</sup>

WITH CRYPTON<sup>®</sup>

Crypton is a specially engineered fabric system with an integrated moisture barrier that promises - and delivers - permanent performance. No stains. No spills. No surprises. Impervious to the dirt and grime of everyday living, it resists whatever life can throw at it, remaining clean, dry, and beautiful. Life's too short to worry about spilled milk, errant markers or muddy paws! Finally, furniture designed for the way we really live. We call it mess-free, stress-free slobproof living!

This "All Made in the USA" seating line is environmentally friendly - manufactured with sustainable maple hardwood and fluorocarbon free foam. And it's built to last with screwed, glued and corner-blocked frames, inner springs and luxury seat cushions that are guaranteed for life!

Simple and sized for city living or sprawling suburbs, hand-selected pieces for comfort, versatility, durability and so many colors, patterns and seating options, Slobproof! with Crypton fits in any lifestyle, in any home.
